What is your passion?

I have found at times in my life that friends have been a prime passion, or a love affair has been an overwhelming passion, or art. But, I would have to say, I am not a person to be represented by or live life by a single passion, I have always had passions and they include: art - specifically fine art, ballet and music, singing and dancing to northern soul, being cuddled by my niece, hearing my boyfriend laugh, travelling and feeling a new country's air on your face when you leave an airport, seeing my friends happy and my family healthy.
